Budget Summary

Budget Overview

The City's combined budget for the fiscal year 2011/12 is \$258,884,600. This amount is about \$14 million less than the previous fiscal year. The combined budget includes all City funds which are listed below:

- General Fund
- Special Revenue Funds
- Capital Projects Funds
- Assessment District Funds
- Impact Fee Funds
- Debt Service Funds
- Enterprise Funds
- Internal Service Funds

SUMMARY OF REVENUES, EXPENDITURES & TRANSFERS									
	Estimated							Estimated	
FUND / TITLE	Balance 7-1-11	Ado Revenues	litions Transfers	Total Available	Ded Expenditures	uctions Transfers	Total Deductions	Balance 6-30-12	
General Fund	2,085,400	114,365,900	12,961,100	129,412,400	125,307,300	2,780,100	128,087,400	1,325,000	
Special Revenues	3,184,400	15,033,400	2,649,500	20,867,300	16,262,800	3,689,000	19,951,800	915,500	
Capital Projects	17,352,900	36,170,900	0	53,523,800	44,390,700	5,684,700	50,075,400	3,448,400	
Assessment Districts	0	1,089,000	200,000	1,289,000	1,289,000	0	1,289,000	0	
Impact Fee Funds	10,294,700	812,500	0	11,107,200	8,859,000	0	8,859,000	2,248,200	
Debt Service	(306,000)	121,100	0	(184,900)	101,900	0	101,900	(286,800)	
Enterprise Funds	(318,800)	26,792,900	65,000	26,539,100	22,817,300	3,721,800	26,539,100	0	
Internal Service	(10,148,000)	24,241,500	0	14,093,500	23,981,000	0	23,981,000	(9,887,500)	
Total Funds	22,144,600	218,627,200	15,875,600	256,647,400	243,009,000	15,875,600	258,884,600	(2,237,200)	

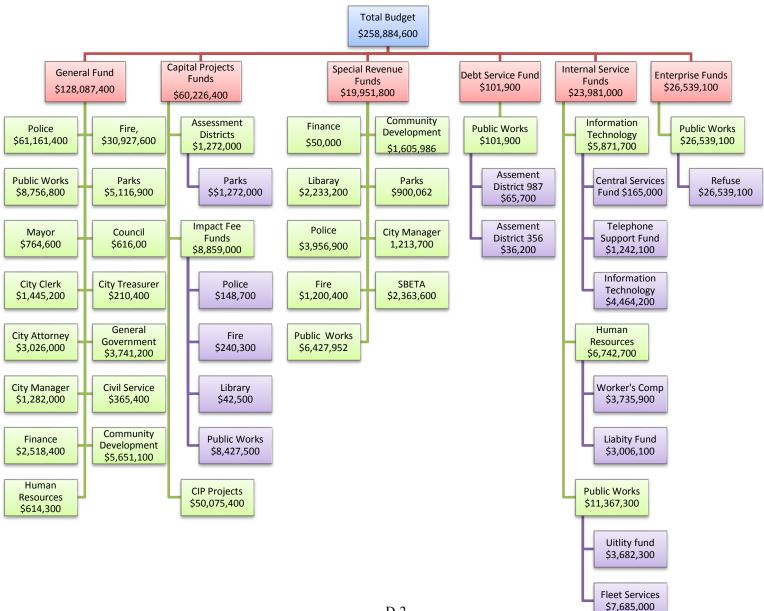

Total available funds for fiscal year 2011/12 are \$256,647,400. Included in this amount is a \$22,144,160 beginning fund balance, \$218,627,200 in revenues and \$15,875,600 in transfers. The amount transferred is comprised of \$12,691,100 into the General Fund, \$2,649,500 into the Special Revenue Fund, \$200,000 into Assessment Districts and \$65,000 into Enterprise Funds.

Total deductions are \$258,884,600; they include \$243,009,000 in expenditures and \$15,875,600 in transfers, which is comprised of \$2,780,100 out of the General Fund, \$3,689,000 out of Special Revenue Funds, \$5,687,700 out of Capital Projects Funds and finally \$3,721,800 from the Enterprise Funds.

The estimated year-end balance is (\$2,237,200) which is largely due to the Workers Compensation and Liability Funds. These funds include estimated payables in the amount of \$10,170,700 in potential judgments and claims that may never be realized, but GAAP requires a liability be placed on the books. The projected General Fund year-end balance is \$1,325,000.

Total Inter-fund Transfer

Inter-fund transfers involve the transfer of money from one fund to another. Inter-fund transfers are of two general types: reciprocal inter-fund transfers are loans or reimbursable services that are provided by one fund to another; nonreciprocal inter-fund transfers include transfers and reimbursements, and do not require "payback" of any kind. The City of San Bernardino utilizes both types of transfers. For instance, \$12.9 million is transferred into the General Fund from other Funds for reimbursement of services rendered by General Fund departments. On the other hand, nonreciprocal transfers examples include the Library and Animal Control Fund receiving \$449,100 and \$2,066,000 respectively from the General Fund to support operational needs. Interfund activity is discussed in detail on page x.

Fund Structure and Description

As shown in the diagram above, the City organizes its resources into 6 main fund types which are; the General Fund, Capital Projects Funds, Special Revenue Funds, Debt Service Fund, Enterprise Funds and Internal Service Funds. Some fund types contain several individual funds within each type, for example, the Assessment Districts and Impact Fee Funds are within the Capital Improvement Fund (CIP). Some departments are funded by multiple funds such as the City Manager's Office which is funded by the General Fund, Telephone Fund, CDBG, Refuse Fund and the Air Quality Fund.

The City has the following fund types and account groups:

Governmental funds are used to account for the City's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting and budgeting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined; "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for un-matured interest on general long-term debt which is recognized when due, and certain compensated absences and judgments and claims which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes, franchise taxes, licenses, interest and special assessments are susceptible to accrual. Sales taxes collected and held by the state at year end on behalf of the City are also recognized as revenue. Other receipts and taxes become measurable and available when cash is received by the City and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier. Expendituredriven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Governmental funds include the following fund types:

The **general fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **special revenue funds** account for revenue sources that are legally restricted to expenditure for specific purposes (not including major capital projects).

The **debt service funds** account for the servicing of general long-term debt not being financed by proprietary funds.

The **capital projects funds** account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary funds.

Proprietary funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting and budgeting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The City applies all applicable FASB pronouncements in accounting and reporting for its proprietary operations. Proprietary funds include the following fund types:

Enterprise funds are used to account for those operations that are financed and operated in a manner similar to private business or where the council has decided that the determination of revenues earned costs incurred and/or net income is necessary for management accountability.

Internal service funds account for operations that provide services to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis.

Fiduciary funds account for assets held by the City in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the City under the terms of a formal trust agreement.

The **agency fund** is custodial in nature and does not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. This fund is used to account for assets that the City holds for others in an agency capacity.

Program Budget

Beginning fiscal year 2010/11, the City Council made the decision to implement the "program budget" presentation method, which organizes city functions by program or service. The Program Budget organizes divisions into programs with similar functions. It introduces performance measurement to budgeting, and ties performance with budgeted dollars. It focuses departments on the "big picture" and how their responsibilities shall support the Common Council vision and goals. The major elements of the program budget include the following:

- Department Mission
- Department Overview
- Top Accomplishments for FY 2010-11
- Major Issues for FY 2011-12
- Program Level plans for each program:
- Program Purpose
 - 5 Year Goals
 - Program Changes
 - Service Objectives for FY 2011-12
 - Ongoing Objectives
 - Performance Measures

Department Changes

The City took this opportunity to realign some departments. Some of the notable changes are listed below:

- Community Development
 - Combined Code Enforcement/Beautification, Single Family Rental Property Inspection, and Weed Abatement into one program. The program is Code Enforcement.
 - Combined Permits & Customer Service and Building & Safety into one program. The program is Building & Safety.
- Public Works
 - Combined Concrete Maintenance and Street Maintenance. The program is Street Maintenance.
 - Facilities operations were moved under Public Works
 - Street Construction and Maintenance were all combined into Public Works

Staffing Changes

For fiscal year 2011/12, the number of full time funded positions is 1142.50 which is a significant decrease from 1219.50 in fiscal year 2010/11.

As the economy continued to deteriorate, the city faced a budget short fall and in order to close the deficit, the City Council approved a plan from the City Manager which was comprised of a combination of revenue enhancements and budget reductions. All City Departments were directed to reduce their annual budgets by 8% which resulted in many positions being deleted.

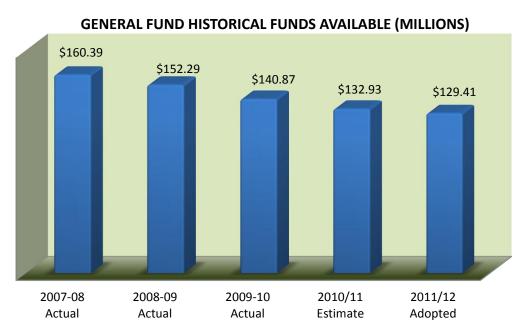

Full-Time Funded Positions

Budget Summary - General Fund

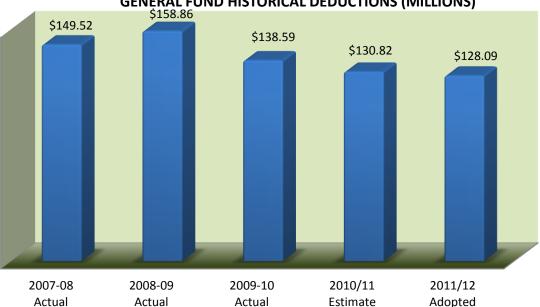

Budget Overview

	\$ 160,393,900	\$ 152,294,300	\$ 140,871,700	\$ 132,931,600	\$ 129,412,400			

Available funding for the General Fund for fiscal year 2011/12 is \$129,412,400, it comprises of \$114,365,900 in revenues, a \$2,085,400 beginning fund balance and \$12,961,100 in transfers.

Available funding has decreased significantly from \$160 million during the 2007/08 fiscal year to \$129 million for 2011/12. However, the rate of decrease has narrowed from about \$4 million annually to just over \$3 million from fiscal year 2010/11 to 2011/12.

GENERAL FUND HISTORICAL DEDUCTIONS (MILLIONS)

Most of the city's basic services and functions for example, Police, Fire, Parks and Code Enforcement are funded by the General Fund. General Fund deductions for the 2011/12 fiscal year are \$128,087,400 which is approximately \$2.5 million lower than fiscal year 2010/11 but still well short of \$158 million for the 2008/09 fiscal year. Estimated fund balance at 6/30/12 for the General Fund is \$1,325,000.

General Fund Inter-fund Transfers

As mentioned before, inter-fund transfers involve the transfer of money from one fund to another. The General Fund transfers money to other funds which include; the Library Fund, Animal Control, Landscape Maintenance Districts and the Refuse Fund. The money transferred is used to help fund operations and services. The General Fund also receives money from other funds for services providing services. As shown in the two tables above, \$12,961,100 was transferred into the General Fund and \$2,780,100 was transferred out.

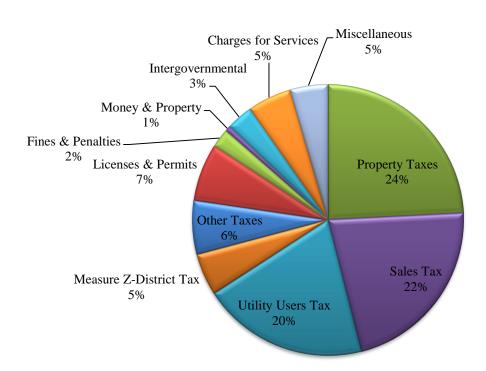

General Fund Revenue Sources

Funding for the General Fund is derived from various sources which include;

- Property Tax
- Sales Tax
- Utility Users Tax
- Licenses & Permits
- Fines & Penalties
- Charges for Services
- Intergovernmental Transfers
- Other Taxes

Property Tax, Utility Users Tax, Sales Tax and Licenses & Permits as well District tax (Measure Z) provides more than 75% of the General Fund Funding. Each of the General Fund major sources will be discussed in detail below.

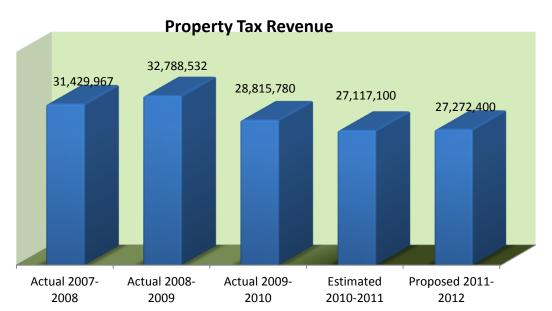

Revenue Sources

Property Tax

The property tax is imposed on real property (land and permanently attached improvements such as buildings) and tangible personal property (movable property) located within the state. The California property tax is ad valorem, meaning it is based on the value of property rather than on fixed amount or benefit to the property or persons. Proposition 13 limits the real property tax rate to 1% of a property's assessed value plus rates imposed to fund indebtedness approved by voters. Property taxes, including Property Tax in-lieu of Motor Vehicle License Fees, represent a major source of income for all counties and cities in California.

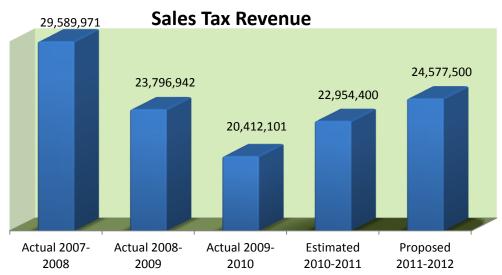

The County of San Bernardino is responsible for administering the property tax program. The revenue generated from property is divided or shared among different organizations who include the County of San Bernardino, San Bernardino Unified School District and San Bernardino Community College to mention a few. The City's share of the revenue is 16.9% of the 1%. The projected tax revenue for fiscal year 2011/12 is \$27,272,400 which represents 24% of the City's

total general fund revenue. The City uses an outside consulting firm to provide property tax estimates for the budget year. Property tax revenues are expected to grow at a much slower rate as the economy and the housing market continue to slowly recover.

Sales and Use Tax

Sales tax is imposed on retailers for the privilege of selling tangible personal property. The use tax is imposed on the purchaser of a product from out-of-state and delivered for storage, use or consumption. The State Board of Equalization is responsible for administering the collection and distribution of sales and use tax in California. The city of San Bernardino levies 9% on all retail sales within the city. The revenue generated is then distributed among several agencies. The State of California gets 6% of all Sales Tax revenue, the remaining 3% is distributed among local agencies which include the City, Transportation agencies and the County of San Bernardino. The

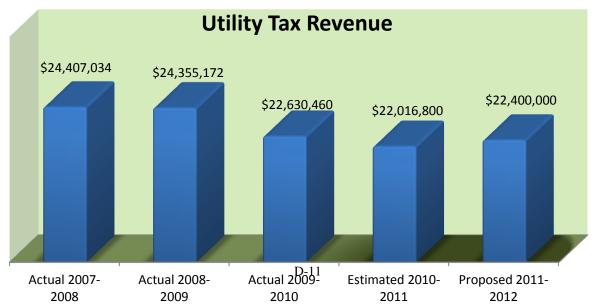

City of San Bernardino's general fund share is 0.25% which equates to \$24,577,500 for fiscal year 2011/12. Sales tax revenue represents 27% of city's total general fund revenue. The City of San Bernardino uses an outside consulting firm to provide sales tax estimates for the budget year. Sales tax revenue is projected to grow at a rate of 3% or lower which is down from 6.5% projected for the 2010/11 fiscal year.

Measure Z (District Tax)

District taxes are a component of sales and use taxes, they are additional taxes imposed by the city where goods or services are delivered. This form of tax has to be approved by voters. The district tax rate is added to statewide base tax rate of 7.25%. Measure Z was approved by voters in 2006 and it established an additional .25% sales tax that took effect in April 2007. Measure Z revenue for fiscal year 2011/12 amounts to \$5,650,000, which is a slight increase from the previous year.

Utility User Taxes

The Utility Users Tax is also a major revenue source for the City of San Bernardino; it is imposed on users of utilities within the city, such as cable, gas, electric and telephone at a rate of 7.75%.

Utility User Taxes represent 20% of the general fund revenue for the 2011/12 fiscal year. Estimated Utility User Tax revenue is projected to be \$22,400,000 which represents a 2% increase from the last fiscal year.

Licenses & Permits

The City of San Bernardino also generates significant revenues from issuing licenses and permits. The city issues permits for activities that range from, building permits, fire code permits and plan checks. The city also generates revenues from issuing Business Regestrations.

Licenses & Permits Revenue (MILLIONS)

Licenses and Permits represent about 7% of the general fund revenue. The revenue trend for Licenses and Permits has been a steady decline from a high of \$9.9 million during the 2007/08 fiscal year to \$7.7 million in 2010/11.

This decline reflects the mood of the overall economy as fewer new businesses open and others close. However for fiscal year 2011/12, the city is forecasting a1% growth which based on the expectation that the economy will start growing albeit at much slower rate.

FY 2011-12 BUDGET CALENDAR

- February 2011 Budget Kick Off
- March 2011 Department Budget Preparation
 - Expenditure Budget Requests
 - Salary and Benefits Projections
 - Revenue Projections
 - Budget Goals and Performance Measurements.
 - Departments develop Program Goals and Performance Measurements
- April 2011 Staff Budget Review
 - City Manager, Assistant City Manager, Finance Director and Deputy Finance Director evaluate Department Budget requests
 - Budget meetings with Departments, City Manager and Finance.
- May 2011
 Distribute FY 2011-2012 Preliminary Budget Document to Departments
- June 2011
 Budget Meetings with Mayor & Council as determined by City Manager.
 - Department Budget Presentations and Public Hearings
 - Target Date for Adoption of FY 2011-2012 Budget by Mayor and Council.

BUDGETING & ACCOUNTING POLICIES

The City of San Bernardino, California was incorporated on April 13, 1854 as a Charter City and operates under a "Strong Mayor" form of government. The Mayor is elected at large by voters citywide while the seven (7) Councilmembers are elected by voters within their respective wards. The City Manager provides overall management and supervision of all City departments.

The City provides the following services: public safety (police and fire), highways and streets, sanitation, health and social services, culture-recreation, public improvements, community development (planning, building and zoning), public utilities (water and sewage), and general administrative services.

Annual Budget Process

Mid-Year Budget Review

The City's fiscal year begins July 1st and ends on June 30th. Preparation for the annual budget process actually begins with a mid-year review of the current year's budget. In February, City departments are asked to estimate what their actual expenditures and revenues will be at June 30th based on actual expenditures and revenues received through December (the first half of the fiscal year). Finance Department staff analyzes the departmental estimates and makes adjustments to the estimates as needed. A report is then presented to the Mayor and Council which not only details what year-end expenditures and revenues are estimated to be, but also gives a preliminary first estimate of the City's budget needs for the upcoming year.

Preliminary Budget Preparation

Departments are given their budget instructions in March. The budget instructions include: bottom-line departmental budget amounts, personnel costs for currently authorized budgeted positions, costs for internal service charges, instructions on how to use the automated budget system and current year revenue information. City departments are essentially held to the same bottom-line budget amounts as allocated in the current budget year with adjustments for changes in internal service charges, negotiated changes in personnel costs, increases/decreases in retirement and health benefit costs, and any other specific changes approved by the Director of Finance and City Administrator.

Internal Service Departments (Information Services (IS), Fleet Services, Risk Management, Utilities and Telephone) prepare their expenditure and revenue budgets prior to other City departments so that internal service charges can be developed and included with the budget information and instructions given to other City departments.

Preliminary Budget Review

Budget submittals are due back in Finance in early April for review and analysis before submittal to the City Administrator. Finance staff makes adjustments to departmental submittals as needed.

Throughout the month of April, budget hearings are held with individual City departments, Finance staff, and the City Administrator. During the hearings, departments present their budget submittals and explain any requests for increased funding.

Upon completion of hearings with each individual department, the City Administrator makes final adjustments to the departmental requests. A preliminary budget document is developed which presents the cost of providing service to the community at current levels (no service reductions are included in the Preliminary Budget Document). The Preliminary Budget Document also presents the estimated funding resources available, given the current economic outlook, legal restrictions, and the availability of state and federal funding. The Preliminary Budget Document is presented to the Mayor and Council in early May.

Final Budget Adoption

A series of special Council meetings are held in the month of June to review the Preliminary Budget Document and, if necessary, discuss options for balancing the City's budget. Departmental suggestions for revenue enhancements and expenditure reductions are presented to the Mayor and Council for their consideration. By June 30th, the Council adopts a balanced budget or spending plan in which expenditures do not exceed revenues through passage of a resolution.

Budgetary Control and Accounting

The City utilizes the following general procedures in establishing its annual budgets:

- The Annual Budget adopted by the Common Council provides for the City's general operations. Such annual budget includes proposed expenditures and estimated revenues for all Governmental Fund Types.
- The City Administrator or designee is authorized to administratively transfer budgeted amounts (with the exception of personnel accounts) within departments up to \$25,000. Any other transfers or amendments to the budget required the approval of the City Council. Actual expenditures may not exceed budgeted appropriations at the department level for the General Fund and at the fund level for all other budgeted funds. The budget figures used in the financial statements are final adjusted amounts.
- The budget is formally integrated into the accounting system and employed as a managed control device during the year for all funds.
- Budgets for the budgeted Governmental Fund Types are adopted on a basis consistent with generally accepted accounting principles.
- At fiscal year-end, operating budget appropriations lapse; however, incomplete capital improvements, equipment and contractual appropriations and can be carried over to the following year upon approval by the Mayor and Common Council.

Significant Accounting Policies

Reporting Entity

As required by generally accepted accounting principles, the City's financial statements present the activities of the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government. Each blended and discretely presented component unit has a June 30 year-end. <u>Because these blended units are legally separate entities, budgets for these entities are adopted separately by their respective boards and not included in this document.</u>

Blended Components Units: The Economic Development Agency (Agency) of the City serves all the citizens of the City and is governed by a board comprised of the City's elected council. The activity of the Agency is reported as a separate fund in the special revenue, debt service, capital projects and enterprise fund types. Included with the Agency's activities is the San Bernardino Joint Powers Financing Authority which is a blended component unit of the Agency.

Discretely presented Component Units: The Municipal Water Department (Department) of the City serves all the citizens of the City and is governed by a board whose members are appointed by the mayor of the City. The Department operates three enterprise funds: the Water utility, Sewer Utility and Geothermal utility Enterprise Funds. Each of the Department's utilities are reported as separate enterprise funds. Included with the Department's activities is the West End Water Development, Treatment and Conservation Joint Powers Authority, the San Bernardino Public Safety Authority and the Colton/San Bernardino Regional Tertiary Treatment and Water Reclamation Authority, all of which are reported as blended component units of the Department.

Complete financial statements and budgets of the individual component units can be obtained directly from their administrative offices.

Economic Development Agency 201 North "E" Street, Third Floor San Bernardino, CA 92401

Municipal Water Department of the City of San Bernardino 300 North "D" Street, Fifth Floor San Bernardino, CA 92402

Measurement Focus, Basis of Accounting, and Basis of Presentation

The accounts of the City are organized and operated on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

Account groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds.

Fund Equity

Reservations of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. Reservations of retained earnings are limited to outside third-party restrictions. Designations of fund balance represent management plans that are subject to change. The proprietary funds' contributed capital represent equity through capital grants and capital contributions from developers, customers or other funds.
